

Client Testimonials

"My husband and I have been clients of Sheenaghs for a few years. We have found her to be extremely knowledgeable about our problems and able to ease the pain caused by these conditions. We have recommended her to others and would be happy to do so again."

Mr & Mrs Wilkins, Heswall

"Sheenagh succeeded where Ibuprofen failed! She gave me useful exercises to do between sessions and I could ring her for advice any time. I will certainly go to her if I have any further problems with my back and would not hesitate to recommend her."

Mrs LP, New Brighton

"I would definitely recommend Sheenagh to anyone with back problems. She identifies the problem area immediately and it was a surprise once you'd pointed it out, how I'd not known about it myself. The treatment since has seen a vast improvement in my sleeping patterns. Your website say "outstanding results" and I, for one, would agree. It's a small but comfortable place to visit, and the warm welcome and conversation just make the whole experience seem much less clinical than what I may otherwise have expected. I had friends who told me what to expect ... so when words like, "funny positions", and "back-cracking" were bandied around, I was a little nervous.

From the first consultation everything has been very clearly explained, and I can see why my friends mentioned such things, but it's nothing to be concerned about.

Although some of the manipulations do seem a little strange, and a little getting used to, you certainly feel the benefits!"

Thanks,
Mr PH, Wallasey

"I am virtually pain free after many years of backache, going through many unsuccessful treatments elsewhere.

I can't imagine how I would be if I was not seeing this chiropractor. She has really helped me. Always on hand if I am having a bad time.....

A friendly welcome when arriving, to help put you at ease. Confidence in the chiropractor in her professionalism- they listen to your problems and take notes. And they are able to give plenty of advice for after care before next appointment.

I RECOMMEND!"

Miss HW, Bebington

"Sheenagh has made my life so much better in treating my back pain which I have had for over a year. She has made a new woman of me."

Mrs TP, Greasby

"Having suffered with low back pain for many years and of course as one gets older, this becomes a problem.

I consider myself lucky to have found Sheenagh Collins, a trained chiropractor, who has certainly helped me.

As time has progressed, I have developed both right and left sided sciatic pain, which can only be described as very painful.

Sheenagh, through her excellent treatment completely relieves the acute pain. This is done by manipulation and massage. Also I have developed osteoarthritis in my neck and again through manipulation and exercise, Sheenagh frees my neck from stiffness and pain.

I am more than happy with the treatment I receive from Sheenagh and can highly recommend her.

From a very grateful client."

Mrs AE, West Kirby
